BADLY BEATEN TURKS PLEADING FOR ARMISTICE

War May Soon be Over Unless King Ferdinand Decides to Enter the Turkish Capital of Constantinople

TERMS WHICH HAVE BEEN PROPOSED NOT DISCLOSED

Turkey Will Have Support of the European Powers in Request for Cessation of Hostilities Which Seems to Have Ceased in the West—The Bulgarians Carry Heads of Turks on Their Bayonets.

London, Nov. 14.—With the Turkish armies beaten in every battle during the month's war and now behind the fortifications at Tehatalja, defending the capital of the empire, the Ottoman government has appealed to Bulgaria for an armistice, pending the opening of negotiations for peace, according to an official despatch from Constantinople today.

What terms, if any, Turkey has proposed, have not been disclosed. They must, however, in the opinion of diplomats, be unlimited if they are to prove acceptable to Bulgaria. With the last defenses of Constantinople almost in their hands, Bulgaria is unlikely to consent to any armistice except on conditions giving her full military advantage.

Turkey will have the support of the European powers in her request for a cessation of hostilities.

London, Nov. 14.—If Czar Ferdinand of Bulgaria agrees not to enter Constantinople, the Balkan war may be considered at end, it was stated in messages from the Turkish capital today.

On just what terms peace will be made was not known here, but officialdom's view was—that the allies would get whatever they pleased so far as the sultan is concerned since he is hopelessly beaten and will have to give as much as is required from him.

The allies will be forced to limit their demand, however, to suit the powers' idea of what is best from an international standpoint.

Fighting had entirely ceased along the Chatalja lines so far as could be learned here today, and the impression prevailed that an armistice had been definitely signed, though confirmation of reports to that effect was lacking.

Adrianople was still surrounded, but the Bulgarians were not pressing the attack, it was said.

Except for skirmishing between scattered bodies of Turkish irregulars and detachments of Greeks and Serbians, who were trying to surround and force them to surrender, hostilities seemed also to have ceased in the west.

About Scutari alone was hard fighting still in progress. There the Montenegrins were reported still bombarding the Turks in the beleaguered town.

RESIGNATION OF TREASURER OF UNITED STATES ANNOUNCED BY PRESIDENT TAFT TODAY

Washington, Nov. 14.—Announcement of the resignation of Lee McClung as treasurer of the United States was made by President Taft today. Mr. McClung tendered his resignation at a conference at the executive mansion today and its acceptance was later announced by the president from the executive offices, with the explanation that Mr. McClung resigned voluntarily.

It is believed that Carmi Thompson, now private secretary to the president, will succeed him.

Mr. McClung's resignation becomes effective as soon as his successor is appointed. The treasurer is responsible to discuss his action in any way, but it was rumored that his resignation came as a result of the continued friction with Secretary McVeigh. Mr. McClung held a two-hour conference with Secretary McVeigh at the latter's home yesterday, and it is understood the result of the conference was the offer of his resignation to President Taft.

He was appointed on Nov. 1, 1909. Before that Mr. McClung was a noted Yale football star, had been identified with the Southern railway and from 1904 to 1909 had been treasurer of Yale University.

BARBAROUS TREATMENT OF KILLED

Berlin, Nov. 14.—Insults that the Bulgarians have been guilty of atrocities against the Turks and that the present war is more of a butchery than orderly warfare are made by the correspondent of the Vossische Zeitung.

The correspondent declared he had been reliably informed that the Bulgarian troops mutilated the bodies of the Turkish soldiers after the battle of Kirk Killisseh and carried Turks' heads about on the points of their bayonets. He continues "barbarism is fighting barbarism and century old hate is fighting century old oppression."

6000 GREEKS ARE STARVING

Athens, Nov. 14.—Turkish troops whom the Greeks have not yet succeeded in cornering and capturing, have destroyed eleven villages in Southern Albania, according to dispatches from the front today. The inhabitants were mostly Greeks, it was

stated, and many of them were killed. About 6,000 women and children and very old men escaped, however, and took refuge in the mountain caves in the vicinity of Janina, where it was said they were dying of hunger.

BULGARIAN KING ASKS FOR PEACE

London, Nov. 14.—Official confirmation that Kiamli Pasha had addressed King Ferdinand of Bulgaria directly, asking for the conclusion of an armistice pending the negotiations of peace preliminaries, was received here from Constantinople this morning.

ANDERSON TO JAPAN.

Washington, Nov. 14.—Lars Anderson of Washington, D. C., now United States minister to Belgium, has been named ambassador to Japan, to succeed Charles Page Bryan, whose resignation was announced a few days ago.

Dies Under Auto.

Houston, Texas, Nov. 14.—Charles A. Abrams, of New York, manager of several carnal attractions, was killed near Webster when his auto turned over, pinning him beneath it.

NIGHT CLERK IS HELD; \$25,000 REPORTED LOST

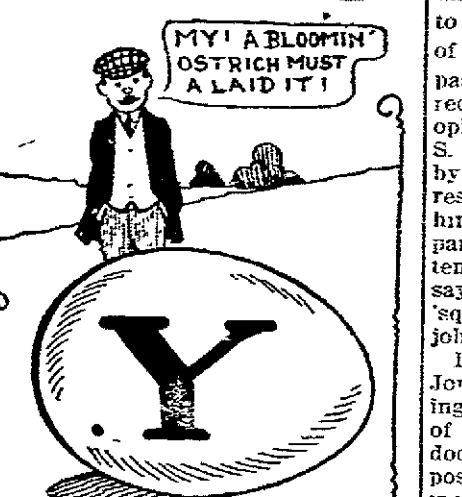

Lake Charles, Nov. 14.—The Wells-Fargo express office here was robbed early today of a package of currency said to have contained \$25,000. J. E. Chovis, night express clerk, who reported the robbery, has been arrested.

WAS ONLY A PIPE DREAM, SAYS LABOR

Rochester, N. Y., Nov. 14.—Delegates to the annual convention of the American Federation of Labor gathered today, realizing that the fight of 22 years between the International Association of Steam and Hot Water Fitters and the United Association of Plumbers, Gas Fitters and Steam Fitters had at last been settled. The convention last year decided that no such organization as the International Association existed in the eyes of the Federation.

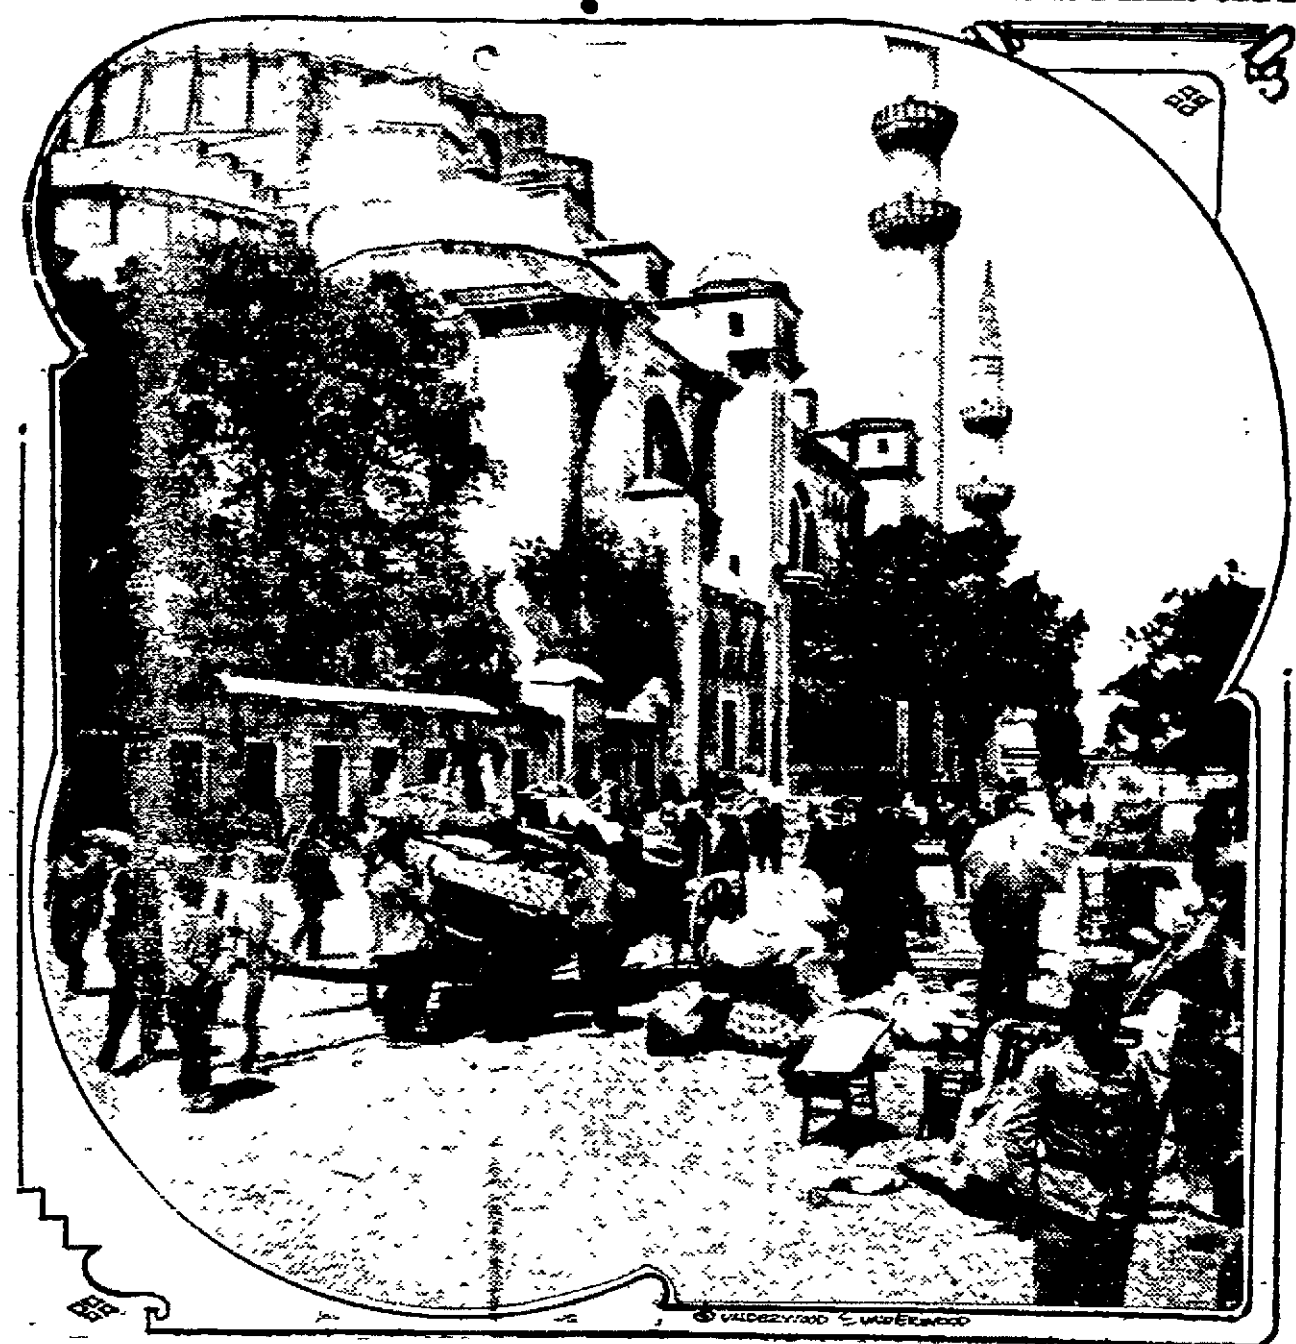

The convention today will listen to the fraternal delegates from Great Britain and Scotland, regarding industrial and political conditions in their countries.

FIRE IN WEST MAIN STREET WEDNESDAY NIGHT DOES \$5,000 DAMAGE IN VAN VOORHIS BLOCK

Estimated Loss.
George Williams, furniture... \$2000
C. E. Wyeth, bicycles and phonographs... 500
William Elliott, pianos... 1200
S. F. Van Voorhis... 1000
Charlie Hop Sing, laundry... None
Total estimated loss... \$4700

Fire starting about 6 o'clock Wednesday evening in the furniture store of George Williams, in West Main street, near Fourth, caused a loss of approximately \$5000 to the building and contents, the latter including the stocks of four different firms occupying the building.

The blaze originated apparently from a defective flue in the furniture store and spread between the ceiling and the roof, making an exceedingly difficult blaze to fight. The fire broke out a few minutes after closing hours, and was not discovered promptly, or the loss would probably have been much less.

It was shortly before 6 o'clock when passersby noticed the light in the rear room of the furniture store and saw burning embers dropping from the ceiling.

The alarm was promptly sent to fire headquarters and in a brief

space of time the firemen were on the ground.

The blaze was burning merrily over a coal stove in the rear of the Williams store and it was soon apparent that the spreading of the flames through the rafters, between the ceiling and roof would prove a difficult problem for the firemen.

Lines of hose were taken into the rooms on the ground floor, and as soon as these were in operation other lines were taken to the roof. Holes were quickly cut in the roof of the building with axes and streams directed against the flames from this point.

Owing to the difficulty experienced in reaching the blaze, considerable water was thrown and the heaviest loss to the occupants of the building was from this source. The firemen used great care in throwing water and endeavoring to save the merchandise as much as possible.

The heaviest damage from water was in the West Williams and laundry rooms. The Elliott Piano Company had little damage from this source, but a dense black smoke filled the salesroom and the pianos were coated with a film of smoke and the keys were blackened. It

OPINION OF ATTY. GEN. HOGAN ON ABOLITION OF OFFICE OF JUSTICE OF THE PEACE

That the people of Ohio writing or abolition of the offices of all justices unwittingly took steps that may lead to the abolition of the office of justice of the peace in Ohio on the last day of this year, and I would like to ask for

of the peace when they voted for the passage of Amendment No. 19 in the recent Constitutional election is the opinion of Attorney General Timothy S. Hogan, voiced in a letter received by Squire D. M. Jones Thursday in response to an inquiry addressed by him to the head of the state legal department.

Mr. Hogan regards the tenure of the justice as precarious but says that the only course for the Squires to pursue is to stay on the job until further notice.

Desiring light on the subject, Mr. Jones wrote the Attorney General asking information as to the disposition of the hundreds of cases now on the docket only a portion of which can possibly be ended during the remaining six weeks of the year. The Squire wrote:

"Newark, O., Nov. 12, 1912.
"Hon. Timothy S. Hogan,
"Attorney General, Columbus, O.

"Dear Sir—I have read with deep interest your opinion (as printed in the newspapers) in reference to the

letter to you but I am exceedingly anxious for further light on the subject and will very much appreciate a reply from you unless I am imposing too much on your valuable time and good nature.

"Hoping that I may be favored with an early reply, I am

"Yours very truly,

"D. M. JONES.

"Justice of the Peace."

With his accustomed promptness the Attorney General responded to the inquiry with the following:

"Columbus, Nov. 13, 1912.

"Mr. D. M. Jones,

"Newark, Ohio.

"My Dear Sir.—I have your favor of the 12th, and I hasten to answer. The newspaper reports on the question of the abolition of the office of justice of the peace are not quite correct. I have not come to a conclusion. I have been struggling to find some legal ground upon which I could advise the justices to continue. I have the briefs of both sides to the controversy, and I must confess that those who take the position that the office has been abolished are crowding those who take the opposite side very closely to the wall.

"The question is an annoying one to me because, somehow, I cannot feel that the people of the state intended to abolish the office of justice of the peace. The Constitutional convention is not free, in my judgment, from some criticism for its method of procedure in reference to justices of the peace. I am not criticizing the Convention myself, but very many of those who are forwarding briefs are doing so freely.

"I would advise you for the present to go right on with your work in the usual way, and an announcement will be made from this department later on as to what course to pursue.

"Very truly yours,

"TIMOTHY S. HOGAN,

"Attorney General."

Baltimore, Nov. 14.—The contract system of prison labor was condemned in the report of the committee on prison labor presented today at the Congress of the American Prison Association, in annual session today. The committee, however, recommended the system where no other means of employment could be provided, believing it preferable to idleness. James S. Leonard of Mansfield, O., was elected president of the association, and Financial Secretary H. H. Shurer of Columbus was re-elected.

AN EXTRA SESSION IS PREDICTED

**President-Elect Wilson
Will Soon Announce
His Plans**

TO CARRY OUT PLEDGES

**Made in His Campaign Regarding
the Tariff and Monopolies—
Governor's Statement.**

Princeton, N. J., Nov. 14.—All indications point to the calling of a special session of Congress as soon as President-elect Wilson is sworn into office. It can be said that the President-elect has now arrived at a conclusion after canvassing as many members of Congress as possible and as many of the Democratic leaders of the country as have expressed themselves publicly. That he will announce his plans within a short time is the general opinion of those who have been watching his course.

Up to the present, however, the Governor has not publicly committed himself either for or against the plan. The assumption that he favors an extra session is based upon the hints he has dropped from time to time, notably the statement he made Tuesday to the delegation which invited him to speak at Charlotte, N. C., on May 20, when he gave as a reason for putting off his reply the fact that an extra session, if called, would cover that date and keep him in Washington.

While avoiding discussion of an extra session the Governor last night took occasion to declare with emphasis that he proposed to carry out the pledges made in his campaign speeches with regard to the tariff and monopolies. The Governor was speaking of his mail when he made this statement.

"I am going through the pile of mail as rapidly as possible," he said. "I am about half way through now, and I find that there have been very few suggestions about an extra session or about the Cabinet. The letters so far have been almost entirely of a congratulatory character, with a few suggestions about the Cabinet. Nobody seems to think it necessary to ask questions about the tariff or monopolies."

"Do you mean that the people take it for granted that you will carry out the pledges made in your campaign speeches?"

"My pledges certainly will be carried out, so far as I am concerned," Governor Wilson is of the idea that the work of tariff revision can be undertaken without a series of long investigations. He was informed that a New Jersey Congressman had suggested that if it were a possible thing committees of Democrats ought to get together and investigate the various schedules.

"There have been investigations in every Congress," remarked the Governor. "I've studied the problem all my life. I think there is a definite idea of what ought to be done."

While the President-elect is reading assiduously the opinions about an extra session, he is just as carefully re-fraining from looking at the various speculations which are being printed as to the probable personnel of his cabinet.

New Jersey Favors An Extra Session

Washington, Nov. 14.—An extra session of Congress has been rendered doubly certain by developments within the last 24 hours, among which was a meeting of the Congressional delegates from Governor Wilson's own state of New Jersey, when the 13 Democratic members of the coming Congress from that state went on record unanimously in favor of an extra session as soon as possible following inauguration.

This action of the delegation from New Jersey caps the climax of extra session agitation and is regarded as practically assuring a call for an extra session.

COURT NEWS

Common Pleas Court.
In the case of Joseph D. Tewell, administrator of the estate of Susan A. Elben, vs. James C. Lamson et al., a suit brought to set aside a deed made by Susan A. Elben, the court rendered a decree holding the deed valid. It was claimed that Mrs. Elben did not have sufficient mental capacity to make the deed.

Charles O. Warner vs. Lewis J. Bolton, on trial to the court and a jury. Plaintiff asks a judgment for \$500, compensation for personal injuries received in April, 1911, by being run over by a hack of defendant's at the corner of Sixth and Wilson streets, in this city. Warner was on a bicycle and the hack turned the corner at Sixth and Wilson streets, going west on Wilson, striking Warner, breaking two bones in his right arm and bruising him. Negligence on the part of the driver of the hack is claimed. Defendant says that if Warner was injured in the manner claimed in the petition, the injuries were contributed to by carelessness and negligence of Warner himself and that he (Bolton) is not liable. Bolton asks that the petition be dismissed and that he be allowed his costs.

After several witnesses had been examined on behalf of the plaintiff, counsel for plaintiff asked leave to amend the petition. The court granted the motion and the case was continued until the next term of court.

Thursday afternoon the court took up the case of John R. Sheperd vs. Carrie B. Stevens, administratrix. The suit is brought to recover the sum of \$100.25 which plaintiff claims is due him for money expended in the construction of a dwelling house for the decedent, Nancy A. Sheperd, and for work and labor.

To View Road.
Martin D. Hartshorn, Harvey Orr and James P. Davis have been appointed by the court to re-view the proposed road through the land south of town, owned by George H. Hartshorn, the matter having come to the probate court on an appeal from the decision of the county commissioners. In probate court the former view was set aside for the reason that Hartshorn, the land owner, received no notice of the proposed route. The court now orders a re-view and fixes Nov. 25 as the time.

HAD ITALIAN AFFINITY IS A HUBBY'S CHARGE
That his wife, Isabella Robinson, had an Italian affinity, who was known as "Davy" with whom she was prone to indulge in numerous indiscretions, that she has been guilty of allowing undue familiarity on the part of a man whose name is not mentioned, but with whom she went riding in an automobile and that her husband has resulted in an unwelcome manner, are the allegations made by William Robinson, jr., in a divorce petition filed in probate court this morning on his behalf by Smythe and Smythe, his attorneys. Averring that the woman whom he married in July, 1911, went to an Italian dance and while there assumed intimate relations with "Davy," the husband begins the recital of a long list of aggressions on the part of his wife, because of which he says a separation now exists.

Robinson ends his petition with a charge of gross neglect of duty and prays for a decree for divorce.

GIRL'S LOVE CAUSED HER CONFESSION

Columbus, Nov. 14.—Police officers today admitted on the witness stand in the Farley trial that Cecelia Farley, the young stenographer charged with the murder of Alvin E. Zollinger, did not confess having done the shooting until she was told that Jerome Quigley, the man whom she was to marry, was accused.

Attorneys for the defense claim that the girl made the false confession because of her love for Quigley, and because of her fear that Quigley would have to suffer for the shooting.

"I believe that the girl did the shooting, but that somebody else was back of it," declared former Chief of Police Charles E. Carter, who testified today for the prosecution. The girl's alleged confession at the time of her arrest was re-told to the jurors several times by various officials to whom she is said to have made the confession, who declared that immediately following her arrest, Miss Farley told them that Zollinger had committed suicide by shooting himself.

Chief Carter told the jurors that he doesn't believe that Miss Farley has told the entire story of the shooting and of what happened at the park.

The state is making much of the fact that Zollinger was shot in the back of the head. The state's attorneys declare that if the story of the defense that Zollinger was shot while struggling for the possession of the revolver is true, it would have been difficult for the gun to be fired in such a manner as to inflict a wound in the back of the head.

Jerome Quigley, young hotel clerk, today took the witness stand in the criminal court to testify to what he knew of the facts leading up to the shooting of Alvin E. Zollinger. For the first time since the shooting last May, Quigley was brought face to face with Miss Farley and before her told the jury of how he had become engaged to her after she had told him of improper relations she had had with Zollinger.

Why It Takes Time to Shop

HE approached the floorwalker, as being the man of knowledge, and asked pleasantly. "Can you tell me where I can find knitted sleeping caps?"

He looked slightly puzzled. "Knitted sleeping caps?" he responded dubiously.

"Yes. For outdoor sleeping. One needs something to protect the head, you know."

"Yes, to be sure. They are in the Muslin Underwear Department."

"But they aren't underwear."

"No. But the flannelette nightgowns are there, and—"

"But these aren't flannelette," she objected.

"I understand," he said soothingly. "But all such things are together. Fourth floor; take the elevator."

So she took the elevator, though she thought whimsically that more correctly, it took her, and journeyed to the fourth floor.

"I am looking for knitted sleeping caps," she explained to a saleswoman in the Muslin Underwear Department, "something to wear on the head for sleeping outdoors."

The saleswoman fung out a flannelette nightgown with a hood.

"No, that isn't what I want. I just want a cap for the head. It is made purposely for sleeping outdoors. It is knitted."

"You'll find the knitted things in the Art Needlework," said the saleswoman, gathering up her nightgown.

"But this isn't exactly art needlework—"

"All the knitted goods are there," replied the saleswoman, putting the nightgown in a drawer, and turning away.

So to the Art Needlework fared the searcher for a night cap, and once more told the tale of her needs.

"We have these knitted motor toques," said the saleswoman.

"No, they are not what I want. These sleeping caps are made purposely for sleeping outdoors. They are knitted to fit over the head and come well down over the forehead—"

The saleswoman's face showed a gleam of intelligence. "I know," she said. "You'll find them in the Hosiery Department."

"Hosiery!"

"Yes. All the knitted things are there. It's the Subway Gallery in the basement."

So to the basement the woman journeyed and interviewed the stock- ing counter.

The saleswoman shook her head. "You should have gone to the Knit Underwear counter," she said with a note of mild reproach in her voice. And as the searcher turned away, she heard the saleswoman say to a fellow-clerk: "They'll be coming here for wash tubs next."

Wearily she leaned against the Knit Underwear counter. "Have you knitted sleeping caps?" she asked a salesman.

"Notion counter," he said briskly.

He spoke so confidently hope revived, and she turned her footsteps toward the notion counter.

"You'll find them," said the saleswoman in reply to her inquiry.

"No, I won't," replied the woman firmly. "They are not in house- furnishings, nor in harness supplies, nor yet in photographic goods nor jewelry. The shoe department hasn't got them, nor gloves. In fact, I don't think they are in the store."

At this, the saleswoman woke up. "Why don't you try the office of the manufacturer?" she asked. "It's right down Main street. I'll look up the number in the phone book."

This she did, and confident the quest was now at an end, the worn and weary searcher set forth down Main street. But at the number given there was no knit goods office, and nobody in the neighborhood knew of any. For a moment, she looked at a department store across the street. But her watch told her the morning was gone, her feet told her she was dead tired, and her common sense told her to go home and sleep indoors like ordinary mortals.

And when her husband asked her that night if she had been shopping she said, "No. Hunting." Whereat he made some sarcastic remarks about the time women waste fooling around in the shops. But she was too tired to open up an argument.

MISS JORDAN TO SING.
Miss Mary Jordan, the delightful contralto singer of New York, who recently sang in Newark, is to return on Nov. 21 and give a recital at the High School Auditorium for the benefit of the Y. W. C. A. Tickets may be obtained at Edmiston's book store and Hall's drug store at 50c. The Owege (N. Y.) Times says:
"To the concert platform Mary Jordan brings a rich, magnificent and cello-like contralto and a rare and beautiful presence. Before she vouchsafed a tone the listener registered a vow to hear none of her with his eyes shut. Loveliness permeated all her work. The modernity of De-Bussy lost much of its fearsomeness through her singing of the elusive aria from L'Enfant Prodigue. Her interpretative powers are such that she made even this ultra modernist mean much to the layman."

How To Be Beautiful (Ella Ellis in the Arch)

"Too much moisture causes hair roots to lose vitality, so washing the head often with water soaks the hair. Dr. shampooing cleans the scalp, vi- talizes the hair and leaves it wavy, shiny and beautifully lustrous. To make a six months' supply of fine shampoo powder, mix four ounces of orris root with a package of theriac. Many actresses noted for their smooth and satin-like complexions use daily a lotion made by dissolving a package of mayatone in a half pint of witch hazel. It corrects sallowness and that "shiny" look removes blemishes, prevents the growth of hair and keeps the skin soft, smooth and youthful looking. No powder is necessary. Mother's Salve soothes and quickly heals sores, cuts or burns without leaving a scar. Rub briskly on aching joints, sore muscles, lame back, stiff neck or ache or pain in any part of the body and it will give almost instant relief. Any woman can easily and quickly remove wild hairs from face and fore- arms. Just mix enough powdered delam- ar and water to cover the hairs, apply and after two minutes rub off, wash the skin and the hairs will be gone. Thin and straggly eyebrows detract from the beauty of the face. When eyebrows and eyelashes are irregular and lack color, they can be strength- ened if plain pyroxin be gently mas- saged into the roots with the finger tips. Pyroxin makes them grow long and lovely." (Advertisement.)

Girls

Read About These Three Girls. How Sick They Were and How Their Health Was Restored by Lydia E. Pinkham's Vegetable Compound.

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sickly for two years and overworked myself, and had such bad feelings every month that I could hardly wait for pain. I was very nervous and easily tired out and could not sleep nights. I had dizzy spells, and pimples came on my face. But I have taken your Lydia E. Pinkham's Vegetable Compound and it has restored my health. I think it is the best medicine in existence."—Miss CECILIA M. BAKER, 1161 Lawrence St., Appleton, Wis.

A SCHOOL TEACHER'S GRATITUDE:
Geneva, Iowa—"I have been teaching school for some years and I have neglected my health because I was too busy with my work to attend to myself properly. I suffered greatly every month and was on the verge of a nervous breakdown. I wrote to you about my condition and took Lydia E. Pinkham's Vegetable Compound and the Blood Purifier as you recommended. These remedies have done wonders for me and I can highly and widely recommend them to every suffering woman."—Miss MINNIE SHAVER, R. F. D. No. 1, Geneva, Iowa, c/o Sam Erickson.

A COLORADO GIRL'S CASE:
Montrose, Col.—"I was troubled very much with irregular periods. Sometimes two months would elapse. I suffered severe headache, was weak and nervous, could eat scarcely anything. I took both Lydia E. Pinkham's Vegetable Compound and Blood Purifier and the result was wonderful. I feel like another person. I think your remedies are the best on earth and cannot express my thankfulness to you for what they have done to me. I help my neighbors when they are sick, and I shall always recommend your medicines."—Miss ELLA McCANDLESS, Montrose, Col.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?
Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there are lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

How to Have the Best Cough Syrup and Save \$2, by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (50 cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. It keeps perfectly.

And you will find it the best cough syrup you ever used—even in whooping cough. You can feel it take hold—usually stops the most severe cough in 24 hours. It is just laxative enough, has a good taste and is pleasant. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for whooping cough, croup, hoarseness, asthma, chest pains, etc.

Pinex is the most valuable concentrated compound of Norway white pine extract, rich in quinine and all the healing pine elements. No other preparation will work in this formula.

This recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has often been imitated but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

STORY OF HILLSVILLE TRAGEDY RETOLD BY OFFICERS OF COURT

Willsville, Va., Nov. 14.—When the trial of Sidney Allen, leader of the band that shot up the Carroll county court at Hillsville, last March, was continued today, the story of the tragedy in which five persons lost their lives, was told again by James N. Early, who was a juror at the trial then going on, and by Dexter Goad, clerk of the court, who was wounded by one of the shots. It was on these two men that the community relied in the trials of the other Allen clansmen.

HEALTH HINT FOR TODAY.

Prevention of Colds.
The best way to treat colds is to prevent them. This involves the so called process of "hardening." It means fresh air every hour of the day, winter and summer. It means avoiding exposure to direct drafts and wet feet. It means getting the skin to react promptly and properly to different changes of temperature by correct clothing and by cold baths. It means the right diet and nourishing food. It means plenty of sleep and an orderly routine existence. It means the child must be free from adenoids and enlarged tonsils.

Daddy's Bedtime Story

Little Reggie's Thanksgiving Surprise

He Carved a Little Summer House.

Jack and Evelyn said they wanted a true story, and so daddy replied that he would tell them the story of the fairy forest.

"Reggie was a little boy who could not walk. There was something wrong with his spine. Maybe some day the doctors could make him well. His mother and father hoped so," said daddy.

"He could not go out in the woods like other boys, and when his little friends came in to tell him of the walks they had enjoyed under the tall trees his eyes opened longingly.

"I think it would be lovely to go out into the woods," he said to his neighbors, Harold and Jennie.

"I've got the best idea," said Jennie to her brother. "Let's make Harold a fairy forest."

"The next day, when lessons were over, Jennie and Harold went out to the woods with a basket. They gathered acorns and beechnuts and horse chestnuts and peeled great strips of green moss from the ground. When they reached home they filled a big bowl with earth and covered the top of it with moss.

"And underneath the moss they planted the acorns and the beechnuts and the chestnuts.

"They watched the bowl from day to day until the acorns and the nuts sprouted and the baby trees poked their tiny heads through the moss, and it was ready for Reggie about Thanksgiving day.

"Then they carried the bowl in to Reggie.

"See," they said to him; "we've brought you a wood of your own. It's your Thanksgiving day present."

"When he saw the little trees growing in the bowl Reggie clapped his hands and cried out with joy.

"Why," he said, "it looks just like a fairy forest."

"Every day the trees grew a little more, but they never became very large. With his pocketknife Reggie carved a little summer house to stand under the trees, and his father put in a tiny fountain.

"When autumn came the tiny leaves fell off the branches just as they did off the trees in the real forest, and Reggie waited eagerly till spring came.

"Then Reggie's father had a surprise for him. He had a good sized box filled with earth and covered with moss. The trees were taken out of the bowl and planted in the box so that they would have room to spread.

"But, best of all, before the next Thanksgiving Reggie could go out into the real woods, for a wonderful doctor came along and cured his poor sick back."

You Should Have Seen the Pimples

But Now Her Face is the Fairest of the Fair. Due to Stuart's Calcium Waters.

Those pimples are like pearls in a ruby cluster when Stuart's Calcium Waters clear the face of every pimple, spot and blemish. And even if you haven't pimples, the clear, transparent skin of a healthy Calcium Water complexion is more radiant than the soft touch of an artist to the most exquisite water color.

Stuart's Calcium Waters act directly upon the sweat glands of the skin, since their mission is to stimulate the secretory ducts. They do not create perspiration, but cause the skin to breathe out vigorously, thus transforming perspiration into a gaseous vapor. The calcium sulphide of which these waters are composed, consumes the germ poisons in the sweat glands and pores, hence the blood makes a new smooth skin in a surprisingly short time.

You will never be ashamed to look at yourself in a mirror, once you use Stuart's Calcium Waters. Nor will your friends give you that hinting look, as you say to—'for goodness sake, get rid of those pimples.' There is no longer any excuse for anyone to have a face disfigured with skin eruptions, when it is so easy to get rid of them. Simply get a box of Stuart's Calcium Waters at any drug store and take them according to directions. After a few days you will hardly recognize yourself in the mirror. The change will delight you immensely. All blemishes will disappear.

All druggists sell Stuart's Calcium Waters at 50 cents a box.

The Orpheum.
Chinas and Jennings, the real comedians, will appear at the Arcade theatre tonight. These two people have a real comedy sensation entitled "Fun in a Department Store," in which are used many good and up-to-date songs and lots of first class comedy.

Elka Garnella & Co., in a comedy skit, will also be on the bill for the last three days. Special scenery is used in the little comedy.

Iva Donetta, black-face comedienne, carries a trained dog with her act. She has many funny sayings and has a large number of good songs.

Then last, but not least, comes "Canaan," the king of all high wire walkers. This gentleman is an expert at this work and puts it on in all its entirety. The bill altogether looks good.

Prices for the ladies at each night performance. The ladies to win the prizes last evening were Miss Vanderback and Miss Fairbairn.

A big boxing match is in line for Friday night at the Orpheum theatre for the amateur program. This is to be a three-round bout by Mr. H. Rider and Mr. Dave Evans. Both of the boys are white hopes of Newark.

Photoplays at the Auditorium.

The Auditorium is open every night this week, showing the usual high grade program of photoplays. Always five reels of entertaining subjects, which include comedy, romance, drama, tragedy and sensation. It is a good place to while away two pleasant hours.

The Fatal Wedding.

Auditorium patrons will have a chance Tuesday evening, Nov. 19, to see a drama that has made a fortune for its producers, "The Fatal Wedding." It is the name of the play, and Sam H. Harris and Al H. Woods, the original producers, made a mint of money with it a few years ago, producing it in every city of importance in this country and Canada. The piece tells a very interesting story that is full of heart throbs, intermingled with roars of laughter. The presenting company is said to be a good one, and the entire production will be offered.

Beverly.

There has been no more popular dramatic novel in a decade than Geo. Barr McCutcheon's "Beverly," which is generally conceded to be by far the strongest, most virile and entertaining of this prolific author's works. The story has been dramatized by Robert M. Baker, and it is the extraordinary success the play has met with in Buffalo, Toronto, Cincinnati, Kansas City, Pittsburgh and Chicago, where it drew the capacity of the theatre at every performance, is any criterion by which to judge "Beverly" is even more popular as a play than as a novel. It is now in its fourth year of successful presentation. "Beverly" comes to the Auditorium Saturday, Nov. 23.

Trail of the Lonesome Pine.

"The Trail of the Lonesome Pine" holds the breath of the forest, and the clear, keen mountain breeze. It holds, too, the inspiration of strenuous human endeavor. The feuds of the primitive hill people are touched upon lightly and lend virility through the thrilling scenes of Eugene Walters' great play, which comes to the Auditorium shortly. The dominant situation is that of romantic love, and every scene is made in rustic setting and written in a manner delightful. Everyone will love June and admire Berkley, Jack Hale and Judd.

FIRST THINGS

The first great victory in Russia's project for the "gobbling up" of China was the Russo-Chinese treaty which was officially promulgated 52 years ago today. This agreement gave to Russia a considerable addition to her possessions in Eastern Asia. An immense district north of Amoor, rightfully belonging to China, had been forcibly seized by Russia several years before, together with a considerable section south of the Amoor and bordering on the Pacific. The treaty, on the part of China, was one of necessity. Russia held that possession was equal to ownership, and when the robber refused to give up the booty, China, by the treaty, gave Russia a legal title to the country which had been "grabbed." Later the Russian Bear advanced still farther into the Dragon Empire, and was only turned back from its ultimate purpose by the war with Japan. Many observers of far eastern affairs believe that Russia, while checked, has not abandoned her intentions in regard to China, and is only awaiting favorable opportunity for another war with Japan over the possession of China.

Van Voorhis stated that it was difficult to estimate the loss sustained by his property. "So much of the damaged timbers is concealed," said Mr. Van Voorhis, "that it is difficult to say what the loss will be. However, I do not think it will amount to \$1000. I expect to start the work of repairing the building as soon as possible. My loss is fully covered by insurance."

PRAISES FIREMEN.

William Elliott, piano dealer, praised the work of the firemen for the careful manner in which they handled the blaze. "It seemed as though the thought was uppermost in their minds to prevent a heavy loss by water. In all my experience I never before saw this precaution taken by firemen. To their careful work I owe the fact that my loss is comparatively small. Had the water been thrown recklessly, so my stock would have been soaked, practically every instrument in the room would have been ruined almost beyond repair. I appreciate their work very much."

This morning Mr. Elliott sent a box of cigars to the firemen, in appreciation of their work. Mr. Van Voorhis, owner of the building, sent a crate of fine oranges to headquarters, with his compliments.

HUNTERS OUT FOR AN EARLY START FRIDAY

Samuel Gallagher and William E. Broome left today for Fallsbury township to prepare for the opening of the hunting season tomorrow morning. They will spend the afternoon tramping over the hills spotting the coveys of quail and picking out the best preserves for the cotton tails. According to promises made to their friends, these two hunters will get so much game that a good sized wagon will be necessary to cart it home. Mr. Gallagher has promised his friends plenty of game for a feast next Saturday.

Dozens of Newark hunters departed from the city today for their favorite hunting grounds and bright and early Friday morning the annual slaughter of the quail and rabbit will commence.

For the past few days the sportsmen have been putting their hunting equipment into condition and getting the dogs in their best hunting form. The cold wave which arrived Wednesday night was pleasing to the hunters who feared that the warm weather would spoil their fun.

STOLEN SECRETS ARE THE CAUSE OF A STORM OF PROTEST

Non-Ethical Physicians Steal Eminent Chemist's Private Formula, and Put It on the Market.

That the American people are indebted to Lieut. R. T. Ballard, a Spanish war veteran for making generally known a new formula, which has proven the greatest scientific remedy of a decade, is privately admitted in medical circles. His connection with this important medical discovery came about through his intimate association, in the Philippines, with Senor Elie Cassamiro, the celebrated Spanish savant who had been commissioned to make a report on the prevalence of diseases, their source and peculiarities.

"To gain this knowledge of basic causes," said Lieut. Ballard's advance representative, "Senor Cassamiro made many experiments and investigations. As a result of his experiments and ceaseless research, he originated what has since proven to be the most scientific and highly efficient remedy ever used to combat diseases of the mucous membrane. Nothing before or since its time has produced such gratifying results when used to relieve catarrhal affections."

Continuing, Lieut. Ballard's representative said: "Eventually the formula became known to non-ethical physicians, who placed on the market a preparation that was purely an imitation of the Cassamiro remedy. In its compounding they used inferior drugs in place of the more expensive ingredients, which rendered its effectiveness so low as to make it practically worthless."

"When this trickery was discovered, Senor Cassamiro was highly indignant, but what to do to stop this deception perplexed him. His genuine remedy had gained such high favor that it was easy to palm off an imitation on the unsuspecting public, for, though Senor Cassamiro's formula had been used with great success, it had never been marketed as a proprietary medicine."

"After consulting provincial authorities, leading medical men and influential druggists, but one way to eliminate the imitation seemed clearly defined. The plan, briefly, was to equip a laboratory where the genuine remedy could be scientifically compounded, and to arrange for its distribution through authorized agencies. This worked fairly well, but only for a short time, for not only was the remedy again imitated, but the cartons as well, resulting in much confusion to those who wanted the genuine. It was also the occasion of much worry to Senor Cassamiro and his associates."

"As a last resort, the company, profiting by distracting experiences, evolved a unique and original protective plan whereby imitation was made impossible—a plan that would insure to the public that they were obtaining the genuine remedy."

"The new, improved, practical and successful. Four important details had been insisted upon by Lieut. Ballard: First—that the remedy should be sold only through authorized agencies, limited to one druggist in any city. Second—that the formula be made known by its publication upon the carton. Third—that the name of the druggist having an authorized agency and the serial number of his agency be printed on the face of each carton. Third—that to each and every agent there be issued a certificate of membership as proof positive that he is the authorized agent for the distribution of the genuine remedy." (adv.)

GOING TO GET SPECIAL CARS IF POSSIBLE

Latest developments in the effort of members of local churches to secure a special rate to Parkersburg, W. Va., to attend the Leon meetings, promise the intervention of state officials on behalf of the local people. The objection to the special rate raised by the railroad officials is that "it is against the Interstate Commerce law," but local attorneys declare that this is merely a subterfuge, and that it is a matter of their persons desire to get as much as possible from the Newark delegation that will go to Parkersburg. In an effort to get a correct interpretation of the law on this point, Attorney General Hogan has been written to by local business men, and if his report indicates that it is possible for a special rate to be granted to a large delegation, petitions will be circulated among the church members and the list of those wishing to attend the Parkersburg meeting forwarded to the president of the Baltimore and Ohio railroad. In other words the local promoters of the "Parkersburg trip" say that they can't get any satisfaction from dealing with the little fellows and are going to see what the "men higher up" can do for them.

The steel entering into the manufacture of automobile wheels during last year amounted to 15,000 tons in this country alone.

CANADIANS VISIT THE WEHRLE CO.

Exchange of ideas regarding the manufacture of stoves with leading manufacturers in the United States was the purpose of a visit to Newark today of the "Moffett Brothers," builders of the famous Moffett stoves at Weston, Ontario, Canada. The two brothers, John and Henry, visited the Wehrle plant here today and were astonished, they said to an Advocate representative, by its magnitude, and the splendid work it turns out. Although they have visited the largest stove plants in many cities of this country, they were not at all hesitant to give to the local organization the credit for having built up a plant that is absolutely unsurpassed.

The Moffett plant at Weston is itself particularly modern in its management and development. The Moffett brothers are Christian gentlemen, and are running their business along Christian lines, declaring that they find it a paying investment to inculcate in the minds of their workers a profound respect for things divine. Although the village of Weston is only three miles outside the limits of Toronto, Ontario's metropolis, it is the proud possessor of its own Y. M. C. A., a \$30,000 building, half the cost of which was contributed by the Moffetts. In addition to this substantial manifestation of their interest in spiritual development of their employees, the Moffetts have a daily "Bible Class" at their factory, the men and women of the family alternating in three classes a week of one hour each. The result is that Weston is without an equal in all Ontario from the standpoint of moral maintenance.

"Newark has a great future in store for it," said one of the brothers to an Advocate representative. "The large Board of Trade is demanding the attention of manufacturers all over this country and Canada, and I feel sure that the next ten years will see many great advances in your commercial life."

The necessity of making close connections precluded the visitors spending more than a few hours in this city. They left shortly before two o'clock for Columbus, where they will visit several large plants, returning to Toronto by way of Cincinnati and Cleveland the early part of next week.

Young Huntsman Shot.

Ironton, O., Nov. 14.—Thomas Baldwin, 15 years old, when hunting yesterday, was shot in the side and seriously wounded. He let the gun rest against his side and it was discharged.

The Gerns which cause Quinsy reach the deeper seated tissues by absorption through the tonsils, causing the horribly painful inflammation which results in suppuration. Quinsy is simply a development of Sore Throat to which some people are peculiarly subject. With them, a tedious or neglected Sore Throat terminates in Quinsy. With them, a quickly cured Sore Throat means Quinsy avoided and nothing cures Sore Throat as quickly and surely as TONSILINE.

Many such letters as below prove TONSILINE'S value in preventing Quinsy. Gentlemen—I have been subject to Quinsy for the last fifteen years and have simply had to suffer from ten days to two weeks with it at every attack, never having been able to find a preventive, until I commenced using TONSILINE.

Up until a year ago I had had ten attacks of Quinsy, but have been able to avoid it twice since that time by the use of a 25 cent bottle of your remedy. Hoping that others similarly troubled will profit by my experience, and thanking you for what your TONSILINE has done for me, I remain, Yours very truly, E. T. KEENAN, Chief Clerk Auditor's Office, C. A. and C. Ry., Cleveland, Ohio.

Sufferers from Quinsy should always have TONSILINE ready for instant use on first sign of Sore Throat. 25c and 50c—All druggists. The Tonsiline Co., Canton, Ohio.

There Are Two Good Reason Why We Should Have Your Business.

FIRST—Our association is not established for profit but for the mutual benefit of its members. Its earnings after actual expenses are paid are divided pro-rata among its members.

SECOND—We protect our members savings by only loaning money on real estate after the property has been inspected by three members of our board of directors and has been approved by the Board. As a further precaution after the property has been appraised at its actual value only two-thirds of the amount is loaned to take care of any possible shrinkage.

SIGNS OF TIMES

Carries An Ad. for Sign Writer. But No More Sign Painters Are Needed Here.

Many letters addressed to the "Business Men's Association" have been received here within the past few days in response to an advertisement published in the November issue of Signs of the Times, Cincinnati. The advertisement announced that an "A-1 sign painter was wanted in Newark, Ohio, a thriving town of 20,000 people," and the announcement was signed "Business Men's Association."

There is no such organization here. The replies resulting from the advertisement were delivered to the Board of Trade, and they became so numerous that a letter was sent to the publisher of Signs of the Times, inquiring about the matter.

It develops through a communication received today that a pencil written note signed "Newark Business Men's Assn." was sent Oct. 21 to the Cincinnati publication, reading as follows:

"Gentlemen: Enclose one dollar, for which please insert following 'ad' in your next issue."

It is evident that the advertisement was inserted by somebody who is antagonistic to the Newark sign writers, somebody who had a "grouch." The Signs of the Times advertising manager, who sends to the Board of Trade the original order, says: "We are at a loss to account for the matter, but we ran the ad in good faith, and while we regret the circumstances, you will readily appreciate our position in the matter."

BOARD OF TRADE MEETS TONIGHT AT HIGH SCHOOL

Mr. Joseph P. Tracy, secretary of the National Chamber of Commerce, arrived in the city today and took lunch with the Board of Trade directors at the Warden at noon. Mr. Tracy will speak this evening at the Board of Trade membership meeting at the High School building.

Tonight's meeting at the High School will begin at 7 o'clock. Members will have an opportunity to see the High School in action, as classes in the laboratories, in the domestic science department, in drawing and in other High School work will be at work.

The plans and aims of the Y. W. C. A. will be presented at tonight's meeting, but there will be no solicitation of funds tonight.

The Board of Trade is also announcing the civic improvement lectures for Nov. 18-19, when motion pictures, stereoscopic views, etc., will be shown at the High School.

All members of the Board of Trade are urged to attend tonight's meeting at 7.

Only a Fire Hero

But the crowd cheered, as, with burned hands, he held up a small round box. "Fellows!" he shouted, "this Bucklen's Arnica Salve I hold, has everything beat for burns." Right! Also for boils, ulcers, sores, pimples, eczema, cuts, sprains and bruises. Surest pile cure. It subdues inflammation, kills pain. Only 25 cents at F. D. Hall's.

SUBSCRIPTIONS BEING RECEIVED BY THE LIBRARIAN

Probably the most convincing argument in favor of the maintenance of the local Public Library is the number of individual subscriptions which are daily given to Mrs. Rankin, the Librarian. Many of these come from people who are hardly able to afford a substantial offering, and many children who find the library a source of great educational benefit have turned in their nickels and dimes "just to help keep the library alive." Seventy dollars was received yesterday by Mrs. Rankin, which includes donations of \$25 from Mrs. W. C. Miller, \$5 from Mrs. Helen Campbell, \$5 from Sherman Bezas, \$5 from F. Kochendorfer and \$1 from Enoch Watkins.

DON'T BE AN OLD MAN BECAUSE OF GREY HAIR

Don't look sixty when your wife looks only twenty. Don't be the object of comment among your friends and neighbors. Don't be that grey-haired, past-looking fellow who's too old looking for this and for that. There's no excuse for it, duty to yourself and particularly your own desire to BE YOUNG look young, to do the active energetic things and keep up with the YOUNGER GENERATION should convince you that you ought to GET RID of those "GREY HAIRS"—ought to keep them out.

Nature never intended they should be in a young head. Help her along—USE—USE HAY'S HAIR HEALTH
